

# WHAT RADIO STATIONS ARE SAYING ABOUT OLD WEST RADIO

“Old West Radio” (formerly “Chronicle of the Old West”) is such a wonderful, entertaining, informative program.

I have worked as traffic manager for KXJK/KBFC for 34 years and your program has received the highest praise from our listeners and information requests on how to get in touch with your company.

Part of my job is dubbing the programs into our system, so I get to hear the programs “early” and so enjoy them personally!

Hopefully, you’ll be successful with your show for years and we will be recipients of this program too. Your quality and research in doing the programs is OUTSTANDING!

Martha Farrell  
KXJK/KBFC  
Forrest City, Arkansas

“Chronicle of the Old West” is an entertaining feature on our station that has quickly generated its own following. Dakota Livesay’s distinctive voice is an added plus on our sponsor’s ad. In a time when most feedback is to point out what you’re doing wrong, “Chronicle” has prompted nothing but positive comments from our listeners.

Rhonda Fogg  
KXJK/KBFC  
Forest city, Arkansas

“Chronicle Of the Old West is as educational as it is entertaining. Dakota Livesay brings the Old West alive right before your ears!

Our Listeners (and staff) LOVE IT!!!!”

Bill Smith

Here at the Central Montana Radio Network we’ve found Chronicle of the Old West to be an excellent program for our classic country station’s weekend programming. We consistently get positive comments

from our audience on the show.

Skip Walters  
Operations Manager  
Central Montana Radio Network

Just a note to let you know how much our North Country audience enjoys the "Chronicle of the Old West", shorties. WYBG airs them M-F at 8:30 am in Bill Bennett's Morning in America. it fits in great with his three hour down home type talk show. On Sat we air the hour show right after the "Twilight Zone" at 3:00pm. Your program helps make WYBG the #1 News/Talk station in the Northern NY and Southern Ontario,Canada.

Thank you

Curran Wade  
Pres & Gm  
WYBG,Massena N.Y

While doing our talk show (Coffee Chat) this morning, we had a caller requesting the number for, "that great old west program" that we air prior to our talk show at 8:45 AM Monday through Friday. The request soon opened the flood gates to 14 phone calls praising your historical western program, "Chronicle of the Old West".

People had mentioned that they enjoy the program while visiting the station but this was the first time it became a talk show topic. Before I could get the number from the CD in the rack below my chair, my very next caller had the number, address and fax number for your program. For the next 30 minutes I had calls for your phone number, and praise for your show and this great radio program.

My 5<sup>th</sup> caller said that her husband won't leave the kitchen table until he hears the program in the morning. Caller number 9 bought the subscription for Christmas for her husband and he reads it and saves the papers. Another gentleman called and mentioned jokingly it was one of the few times that his wife kept quiet while your program was on. Then caller 14 mentioned that he set his cassette recorder and has been taping the show to playback to his grand kids when he picks them up from school in the afternoon. The other callers were people expressing their enjoyment of the show.

I have never had a response like this before on any program.

Again, thanks for a great, well produced and informative program.
